About us

MARVELL was born from a shared vision- a union of like-minded innovators passionate about pushing the boundaries of engineering excellence. Our foundation rests on decades of industry expertise, brought together by leaders with a rich legacy in design, consultancy, and turnkey solutions.

At our core, MARVELL thrives on collaboration. Our contracting partner - backed by a 45+ year legacy in industrial turnkey solutions including Design & Build - infuse our operations with their unparalleled knowledge and craftsmanship.

From conception to completion, we uphold the highest standards of quality, safety, and innovation, turning ambitious visions into marvellous realities.

With MARVELL, engineering is not just a process; it's a promise. A commitment to creating structures that stand the test of time, forging trusted partnerships, and shaping the future with excellence.

Our Vision and Mission Statement

Vision

Our vision is to be the foremost and most trusted Engineering, Procurement, and Construction partner for manufacturing industries worldwide, distinguished by our unwavering commitment to professional excellence, innovation through digital technologies, prioritization of safety, dedication to sustainability, and relentless pursuit of efficiency in every project we undertake.

Mission

Our aim is to establish efficient, resilient, and future-ready manufacturing facilities by empowering our team's skills, experience and wisdom to deliver value added services while adhering to the highest standards of quality, safety and sustainability.

Core Values

Mastery

M

We commit to **technical excellence and continuous learning**, pushing boundaries in engineering with skill and precision.

Accountability

A

We **own our actions and outcomes**, building trust through **integrity, transparency, and responsibility**.

Respect

R

We foster an inclusive culture where every **individual is valued**, and **collaboration is built on mutual trust and dignity**.

Vision

V

We think **boldly and act with purpose**, engineering solutions that shape a better and more sustainable future.

Empowerment

E

We support and uplift one another, **encouraging personal growth, collaboration, and shared success**.

Leadership

L

We **lead by example**, inspiring growth, **collaboration, and integrity** within our teams.

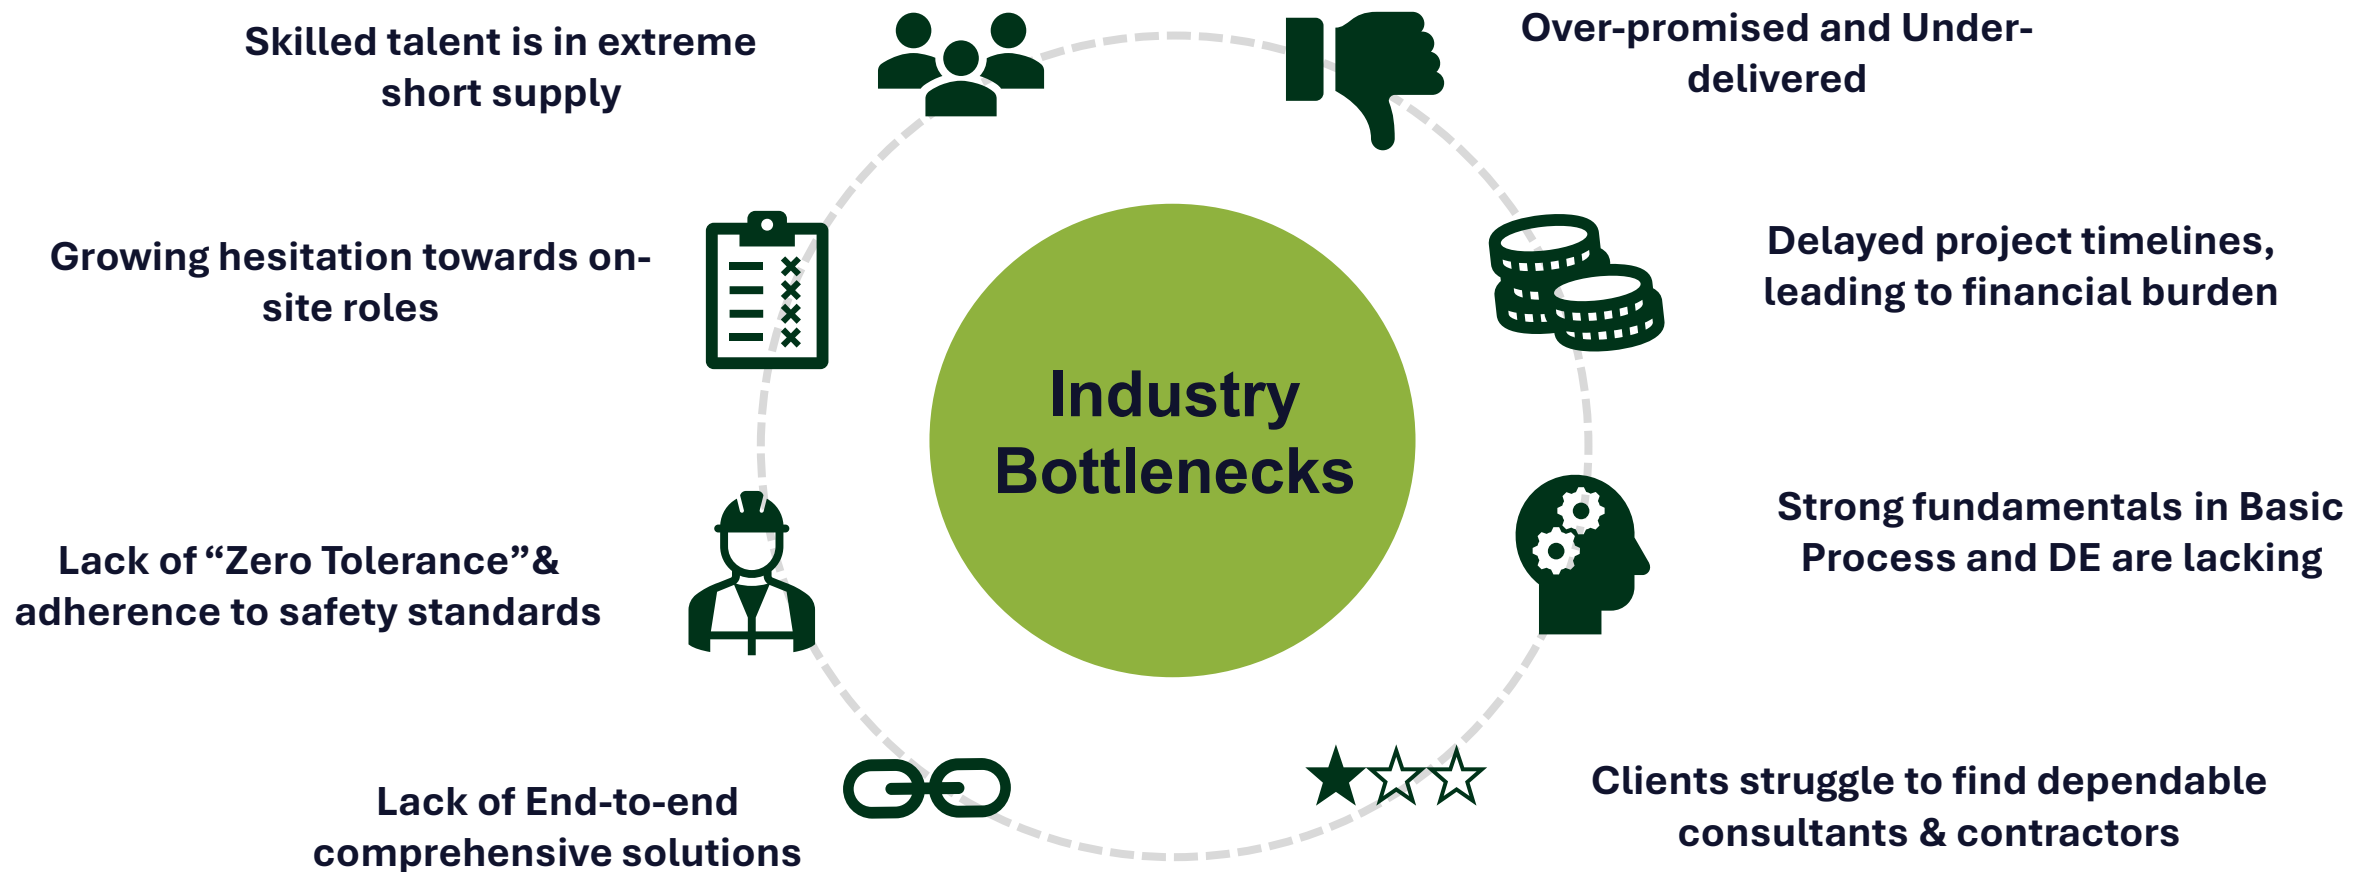

Legacy

L

Our projects, values, and interactions are aimed to **create a lasting impact, shaping a better tomorrow** while honoring the trust and relationships we establish today.

Core Team

Dharmendra Sheth

Chairman and Managing Director

A seasoned Mechanical Engineer with 35 years of experience in Business Development and Sales of high-end engineering products, industrial pumps, and valves.

As a leading distributor for Flowserve pumps (USA), he specializes in the Oil & Gas and Water Treatment sectors.

His core strengths include exceptional leadership, technical expertise in pump selection, client relationship management, and seamless project execution.

Arpan Shah

Managing Director

A Chemical Engineer with an MBA in Marketing, bringing 30 years of expertise in Project Management, Procurement, Execution and Design for high-capex projects across Chemical, Automobile, Pharma and FMCG sectors.

Successfully managed over 200 projects for MNCs and Indian enterprises, delivering exceptional results through strategic planning and execution.

Offers guidance to various industries for expedited project delivery and optimal outcomes, along with expert consulting on procurement processes.

Himanshu Sagar

Director & CEO
Tech. & Process design, EPC

Master's in Chemical Engineering with 26+ years' experience in Process and Utility Design across Chemical, Petrochemical, and Pharmaceutical sectors.

Expertise in Wastewater Treatment, ZLD systems, STP design, process simulation, and equipment optimization, with a focus on safety, sustainability, and efficiency.

Vipul Patel

Director & CEO
Industrial design & Asset Mgmt.

With 20+ years in industrial project design, he specializes in Master Planning and layouts, optimizing space for accessibility, operability, and maintainability.

He integrates aesthetics, sustainability, and environmental considerations, excelling in Mechanical Design and leveraging a digital mindset for innovative solutions.

Rutva Sheth

Director
Business Strategy & Asset Mgmt.

With a Master's in Finance from the University of Illinois (USA) and hands-on experience in equity research and financial analysis across the U.S. and India.

Whether it's building financial models, evaluating companies, or analyzing market trends, she brings a mix of analytical thinking and business curiosity to the table.

Jimit Assar

**Group Director & CEO
MEP Contracts**

An Electronics Engineer with an MBA from the City University of New York, USA, bringing 16 years of extensive experience in managing contracts for clients across India and abroad.

Key responsibilities include business development, cost estimation, project cash flow forecasting, MIS analysis, procurement, and planning. Proven track record in executing projects with a strong focus on safety, quality, and on-time delivery.

Nayan Assar

**CEO
Contracts Execution**

With 7 years of experience in managing Civil and Mechanical projects, he has played a crucial role in executing major turnkey ventures for Bayer Limited, Roquette Industries, and Tata Chemicals.

His expertise includes project planning and execution, vendor management, ensuring seamless operational efficiency and successful project delivery.

Ravi Assar

**AVP
Project Mgmt. & ARC**

A Chemical Engineer with 5 years of extensive experience in project administration, accounting, cash flow management, and overseeing HR and finance operations.

Skilled in ensuring streamlined processes and efficient project execution.

Tejas Shah

COO
E&I Design & Contracts
ARC & Asset Management

With 30+ years of expertise in Instrumentation and Electrical system design, he has led industrial projects as a Project Director.

Skilled in optimizing procurement, inventory management, and instrument selection, he also brings extensive experience in managing LSTK, WTP and ZLD plants, with strong excellence in commissioning processes.

Hiren Patel

CEO
Engineering & Asset
Management

Results-driven Mechanical Engineer with 24+ years' experience leading a team of 25+ piping engineers.

Expertise in layout development, piping modeling, equipment design, and specialized components. Executed 50+ chemical projects with a focus on precision, innovation, and efficiency, ensuring exceptional client satisfaction.

Dushyant Panchal

AVP
Business Development &
Proposals

With 14+ years of experience in BD – Engineering services for Industrial projects including Chemicals, Pain and Resins, F&B, FMCG, Edible oil, Capital Goods, Pharma and more.

Core strength includes technical expertise, proposal expertise, coordination for achieving and creating information pool among bid stack holders, client engagement and relationship management, ,

Khushbu Shah

EA to CMD, GM
Proj. & Accounts

An Electronics and Communications Engineer, with 13+ years of versatile experience in Financial Reporting and Accounting with in-depth expertise in GST compliance.

Proven expertise in preparing techno-commercial proposals, overseeing project execution, inventory management & Office admin. Experienced in coordinating with consultants and tax authorities to ensure end-to-end compliance.

Nikita Prajapati

GM
Projects & Finance

An Electronics and Communications Engineer, with 13+ years of multi-dimensional experience across Accounting, Finance (incl. Banking) & Audit.

Proven track record in managing internal-external audits with statutory compliance. Adept at preparing techno-commercial proposals, cost analysis, and providing financial support throughout timely project execution.

Kavisha Shah

AGM
Business Development & MIS

With a Master's in Civil Engineering and 5+ years of experience in Business Development, proposals and contracts for industrial projects integrating technical knowledge to drive successful outcomes.

Excels in delivering effective marketing material, sales analysis & reporting and MIS, ensuring both internal & external compliance.

Areas of Expertise

Industrial sub-sectors that we cater to...

Chemicals

Basic, Organic, Inorganic, Specialty, Crop protection, Food Ingredient, Bio Chemicals, Lubricants, Polymers & resins, Dyes, Pigments & Resins, Waste to energy

Pharmaceuticals & Biotech

Oral Solid Dosage, Vaccine, Injectables, Biotech, Active Pharmaceutical Ingredients (APIs)

FMCG, Food & Beverages

Chocolates, Ice cream, Yeast, Dairy, Noodles, Food Park, Bottled water, Edible Oil, Potato chips, Starch, Fatty acid, Soaps, Shampoo, Detergent powder, Creams

Capital Goods, Automobile

Process & material handling equipment, Earth-moving equipment, Dyes & Moulds, Wind mill machinery, Pre-fab structure, Machine tools, Batteries, 2/4 wheeler, tyres, construction machinery

Logistics & Tank Terminals

Warehouse & Logistics parks, Tank farm storage terminals, Oil & Gas, Food parks, Storage facilities

Synthetic Fibres

Polyester, Poly Films lines, Person-made fibre, Viscous staple fibre

Areas of Expertise

Innovative solutions across Design, EPC and Contracting Excellence

Why choose us?

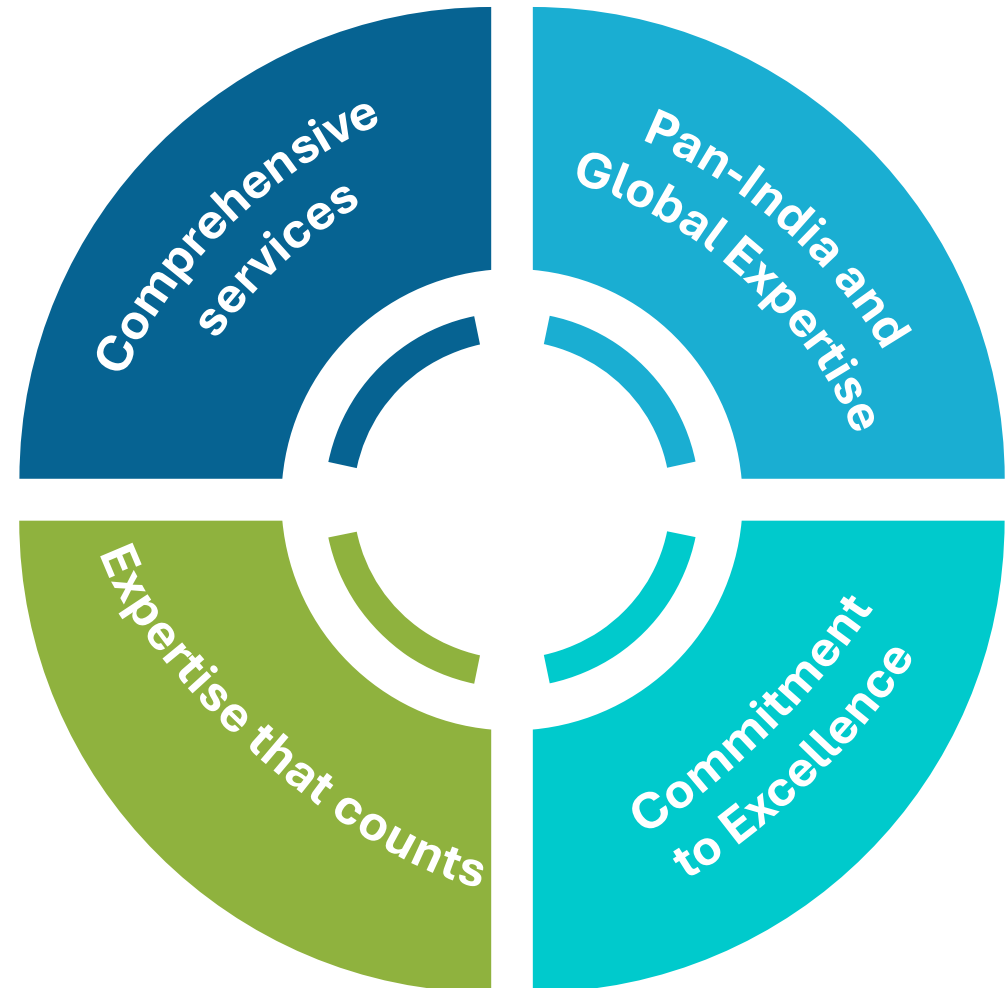

Our key differentiators

From **end-to-end EPC projects to specialized engineering consultancy and contracting**, we cover all aspects of your project lifecycle

Backed by a team of **industry veterans with decades of experience**, we provide tailored solutions to your unique needs

Our unwavering **focus on maintaining highest quality and safety standards** ensures optimal outcomes that exceed expectations

Extensive experience in **delivering multi-sectoral projects across India and overseas**, combining deep local insights with strict compliance to regional statutory mandates.

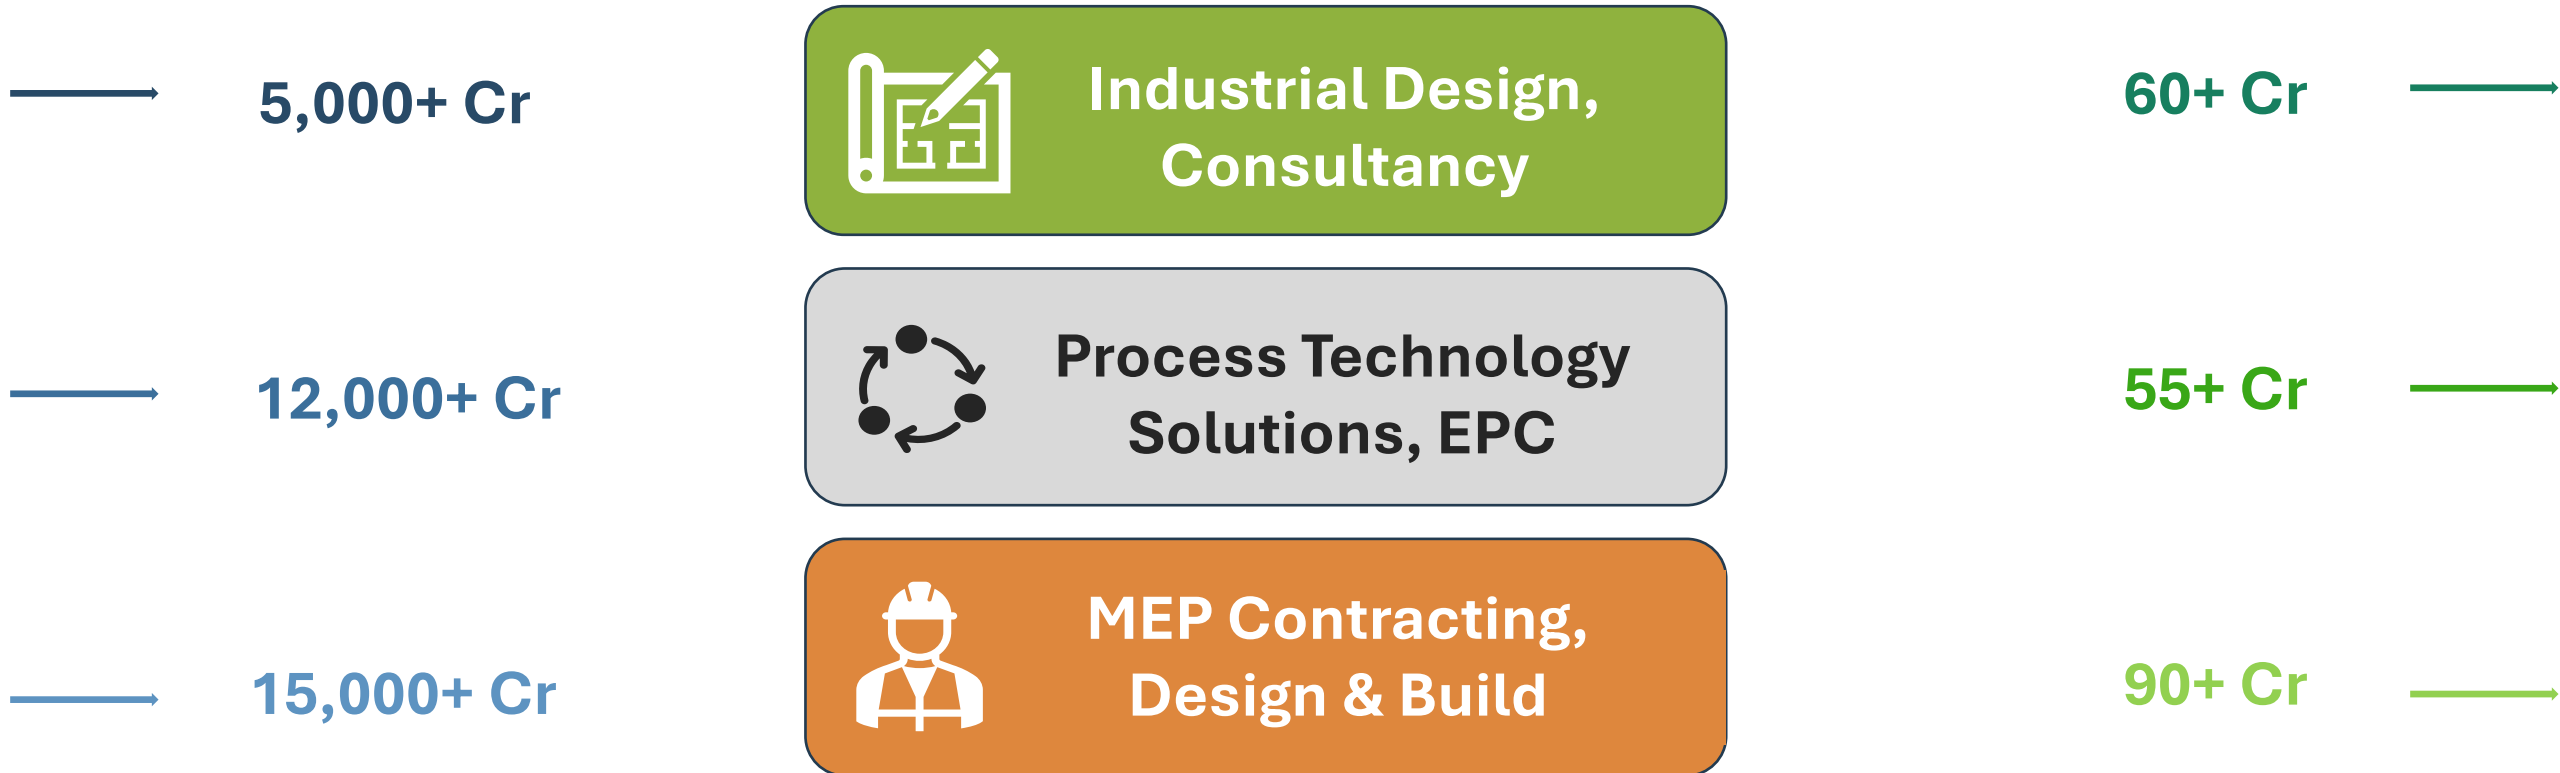

Riding the Wave of a High-Growth Industry

Operating in an industry, expanding at 15-20% CAGR, Marvell is poised to unlock value

- A large yellow Sany SAC5000S crane is lifting a blue industrial tank at a construction site. The crane is mounted on a red truck. The background shows a steel framework for a building. A teal banner with the number 03 is in the top right corner.

Design & Build

With us as your partner, you can focus on growing your business and strengthening your brand, while we expertly handle the construction of your factories.

1. Industrial Civil & Structural works

With extensive industry experience, we deliver services for several kinds of Industrial Civil Works jobs

2. Site Development & Infrastructure

We provide full-service site development and tangible infrastructure work across all its disciplines.

3. Industrial Structural works

We are efficiently equipped with all the resources to extend services for any type of Industrial Structural Work that are rendered as per client requirements

Reputed Clientele served by our team

Chemicals

Experience

UPL – Chemical mfg. – Jhagadia, Gujarat

Tata Chemicals – Soda Ash Plant - Gujarat

Tata Chemicals – Salt Refining – Mithapur, Gujarat

Reliance Industries, Jamnagar, GJ

Proctor & Gamble – FMCG products, Baddi, HP

Proctor & Gamble – FMCG products, Mandideep, MP

Asian Paints – Sriperumbudur, Tamil Nadu

Nirma – Tank farm – Bhavnagar, GJ

Civil & Structural

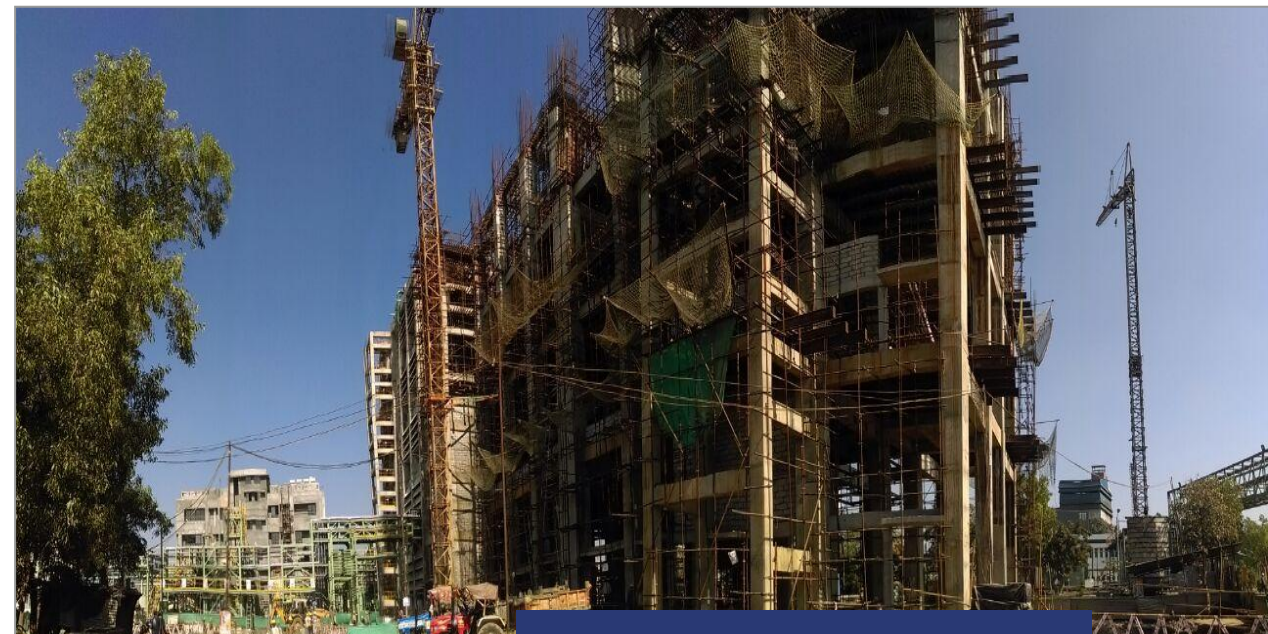

Roquette Riddhi Siddhi – Gokak, Karnataka

Nirma Power plant – Bhavnagar, Gujarat

UPL Limited – Jhagadia, Gujarat

Bayer – Vapi, Gujarat

Civil & Structural

UPL Limited – Plant building - Jhagadia

Catassynth - Twin Piperack – Mangalore

Roquette - Civil Plant At Rudrapur, Uttarakhand

Catassynth - Plant No 4 Out Of 8 - Mangalore

Civil & Structural

Circular ETP Civil Works for Reliance at Jamanagar

RCC Kiln work at Nirma, Bhavnagar

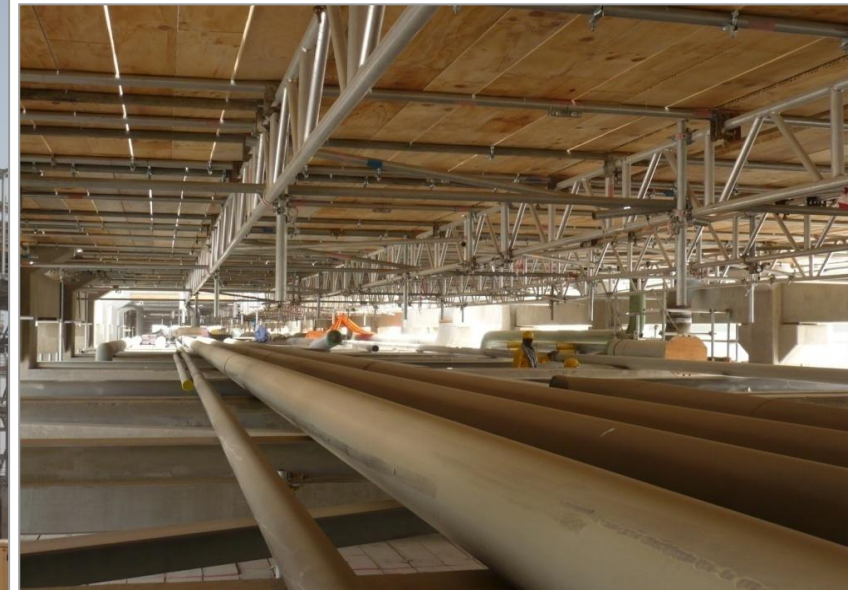

Clean Room Civil & Finishing Works for USV at Baddi

Circular Column less Structural Warehouse for Nirma Cement at Nimbol

Scaffolding

Reliance Industries – Jamnagar, Gujarat

ENOC REFINERY AT JEBEL ALI, UAE

Equipment Erection

Column erection at Reliance, Jamnagar, GJ

Fractional Distillation plant at Reliance, Jamnagar

Silos erection at Asian Paints, Rohtak

Horizontal Calciner erection at Nirma, Bhavnagar

Equipment Erection

Column erection with inside silicon packing at GACL, Dahej

Nitrogen Bullet erection at GACL, Dahej

Fractional Distillation Column Single Piece Erection – Reliance, Jamanagar

Fabrication and Erection

SS Tank fabrication at P&G, Mandideep, MP

Tank fabrication works at Reliance, MCT, Bhopal

Silos at Roquette, Gokak

Piping works

Reliance ROGC Works at Jamnagar Gujarat

Piping Works ENOC Refinery at Jebel Ali, UAE

Pipe shop CNC Cutting works for ENOC Refinery, UAE

HCCB – Bidadi, Karnataka

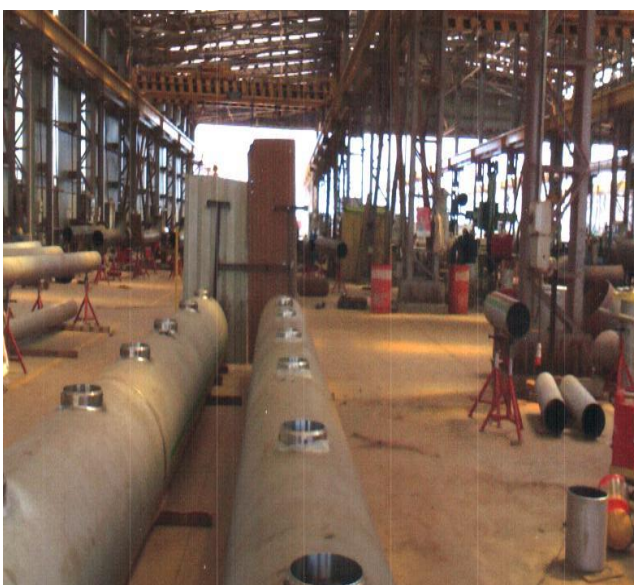

Piping Works

Glass Piping at Bromine Plant at Nirma Bhavnagar

SS Process Piping Works for P&G at Hyderabad

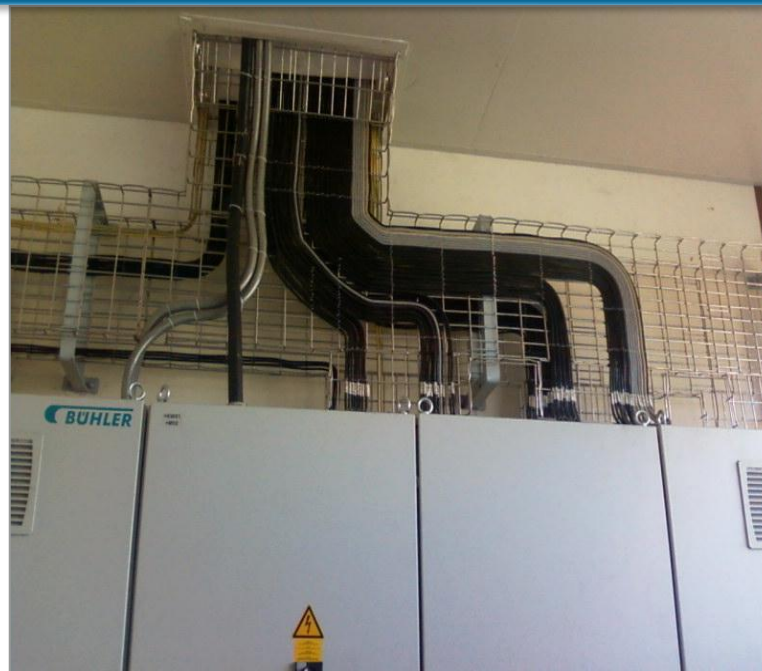

Gas Pipeline for Reliance at Kakinada for KG Basin Cross country Pipeline

Tankages & Piping Work for Reliance Terminal at Bhopal

Electrical & Instrumentation Projects

Overseas projects

Naptha Hydro Reformer – Jebel Ali, Dubai, UAE

Muscat Sea Port Silos – Muscat, Oman

Shell Refinery – Colombo Dockyard works – Sri Lanka

Raysut Cement Company – Salalah, Oman

Overseas projects

Oman Pharma Product – Salalah, Oman

Barr Ali Jissah Resort – MEP works – Muscat, Oman

Seeb International Airport – Muscat, Oman

Cross-Country water pipeline – Oman

Thank you!
